Dear saveamoose,

Your video "["Poopin' Palin"](#) has been identified by [YouTube's Content Identification program](#) as containing copyrighted content which CNN (Europe) claims is theirs.

Your video "Poopin' Palin" is no longer visible in some locations, because CNN (Europe) has chosen to block it. In locations where your video is visible, CNN (Europe) may receive public statistics about your video, such as number of views. Viewers may also see advertising on your video's page.

**Claim Details:**

Copyright owner:	CNN (Europe)

CNN (Europe) claimed this content as a part of the YouTube Content Identification program. YouTube allows partners to review YouTube videos for content to which they own the rights. Partners may use our automated video / audio matching system to identify their content, or they may manually review videos.

If you believe that this claim was made in error, or that you are otherwise authorized to use the content at issue, you can dispute this claim with CNN (Europe) and view other options in the [Video ID Matches](#) section of your YouTube account. Please note that YouTube does not mediate copyright disputes between content owners. [Learn more about video identification disputes.](#)

Sincerely,  
The YouTube Content Identification Team
